RULES FOR THE EXAMINATION OF WORKS AND OPERATIONAL GUIDELINES IN FORCE SINCE JANUARY, 2020

When submitting a request for examination of a work and its registration in the Archive of the Fondazione Palazzo Albizzini Collezione Burri, the information/documents listed below should be sent to this Institution (for each work to be examined):

- a copy of an ID document of the owner and of the applicant, if delegated;
- five 15x18 cm photos: two of the front in colour, one of the front in black and white, and two of the back in colour;
- high-resolution images (300 dpi) to be sent via e-mail or other media (CD/DVD...)
- technical details (dimensions, support, any writing on the back);
- written information and/or documents regarding the history of the work and its acquisition;
- an expert appraisal request form, duly completed and signed (ANNEX A).

It should be noted that a request for *expert appraisal* can only be submitted for works not already included in the Foundation's Archive and General Catalogue of Works by Alberto Burri, and that the Foundation does not issue certifications or attestations for works already included in the Archive and General Catalogue.

DELIVERY OF THE WORK

The transportation and delivery of the work referred to in the request must be arranged at the owner's own expense. **It should be noted that inclusion of a work in the Foundation's Archive cannot be based solely on the examination of the documents submitted by the applicant, but assumes the necessary viewing of the work itself, thus the Foundation issues no certification or communication solely in regard to the documentation received.**

In the case of bulky, non-original frames, we recommend sending the works without them.

The individual concerned will be informed of the date scheduled for the meeting of the examination commission sufficiently ahead of time in order to facilitate the delivery of the work for examination.

The work must be checked upon arrival in the presence of the person making the delivery (owner, owner's representative, or courier) to verify its condition.

Please note: For delivery by a third party, the applicant must send the Foundation a letter of authorisation and a copy of an identity document for the person assigned.

The Foundation does not assume any liability for unsuitable packaging or for any damage occurring to the work while in transit to or from the Foundation.

PAYMENT TO BE MADE BEFORE DELIVERY OF THE WORK

Upon notification of the date for the meeting of the Expert Commission, the applicant must make an advance payment of the required fees (acceptance fees).

ACCEPTANCE FEES:

For the analysis of the works, the Foundation must be paid the following amount:

- € 3,000.00 + VAT for each painting, drawing, tempera or ceramic;
- € 300.00 + VAT for each graphic work smaller than cm 70x100;
- € 500.00 + VAT for each graphic work with a size of cm 70x100 or greater than 70x100.

These amounts are non-refundable

SUBSEQUENT PAYMENT (only for works recognised as authentic)

VERIFICATION FEES:

If the work is included in the Maestro Alberto Burri Archive, the following verification fees must be paid prior to retrieval of the work:

Fixed rate € 300.00 + VAT to be paid before COLLECTION OF THE CERTIFICATE.

Payment of the above amounts shall be made exclusively by bank transfer to:

Fondazione Palazzo Albizzini Collezione Burri, account no. 2184, bank: Intesa San Paolo S.p.A. - Città di Castello, Piazza Matteotti n.1, 06012 (Perugia), Italia

OPERATIONAL GUIDELINES FOR THE AUTHENTICATION OF WORKS ATTRIBUTED TO ALBERTO BURRI.

When the Fondazione Palazzo Albizzini Collezione Burri receives requests for the examination of works allegedly attributed to Alberto Burri, or requests for the inclusion of new works in the Archive and General Catalogue of works by Alberto Burri, or requests for authentication of works potentially attributable to the Master, the Foundation adheres to the following operational guidelines:

1. requests must be submitted in accordance with these Rules by filling out the Expert Appraisal Request Form (Annex A);
2. the request and the material (including documents and photographs) submitted by the applicant will be thoroughly examined - based on the stylistic and technical characteristics of the work and the materials used, as well as the details of any signatures or dedications written on it - by a scientific commission established at the Foundation, composed of distinguished experts on the activity and artistic production of Alberto Burri;
3. upon conclusion of the verification, the Scientific Commission will express an opinion regarding the authenticity of the work examined, which will be communicated to the applicant by registered post;
4. if the verification process results in the recognition of the work as authentic and its inclusion in the archive of works by the Master, a certificate of authenticity will be issued;
5. conversely, if the verification process leads to the establishment of a reasonable belief that the work examined is counterfeit or, in any case, not attributable to Alberto Burri, the Foundation will present the facts to the competent criminal judicial authority, enclosing the technical report drafted by the Scientific Commission, so that (after adopting any necessary precautionary and preventive measures with regard to the forged or altered items) those responsible for any criminally liable conduct may be prosecuted. In these cases - without prejudice to the fact that any exemption of the counterfeiting from liability does not exclude the right to resort to civil action to safeguard the artist's moral rights, held in its capacity as sole heir of Alberto Burri - the Foundation will initiate all forms of civil protection deemed necessary, including precautionary measures.

Please note: It is advisable for the certificate of authenticity referred to in paragraph 4 to always remain with the work, even in the case of sale and transfer of ownership, as the Burri Foundation does not issue duplicates.
